¹ Decisions adopted

Pile installation data issue

Regarding the occurrence of data manipulation in the installation of precast concrete piles by Asahi Kasei Construction Materials Corp., we deeply apologize to our customers and other related parties who placed their trust in us.

Taking this issue with the utmost gravity, the Asahi Kasei Group is performing necessary investigation both internally and externally, and will reinforce efforts to achieve thorough legal compliance and to prevent any recurrence as we work to restore the trust of our stakeholders.

Restoring trust

Heighten awareness for compliance, restore the trust of society/customers together as one, based on the “three actuals”

The “three actuals”

Focus on the facts, act sincerely in accordance with them

The “three actuals” are an indispensable step in quality improvement: go to the actual place in person, see the actual thing with your own eyes, and know the actual facts.

Measures to enhance compliance
